Editor-in-Chief: Dr. Elke Naumann, Nijmegen (Netherlands)
www.karger.com/knd

Format

e-Journal (single pdf file per issue) complemented by printed congress editions.

Profile

KOMPASS NUTRITION & DIETETICS is a valuable source of the latest knowledge for dietitians and specialists in private practice.

In the section Knowledge Transfer, our experts break down selected original articles with a view on how to apply this information in dietitians' day-to-day work. The gain from these digests: Research insight condensed into what is essential for the job as a dietitian. Selected case reports from internationally acclaimed journals introduce the focus topic of each issue. Individual knowledge transfer articles inform about cutting-edge results from research, with a critical discussion and an outlook on client benefit and practical use.

Carefully selected newflashes on health care and on professional developments round off the spectrum of this KOMPASS journal.

Target Audience

Clinical Nutritionists, Nutritionists in Private Practice,
Clinical Dietists, Dietists in Private Practice

Circulation

The KOMPASS NUTRITION & DIETETICS is distributed online to all 33.700 Members of the EFAD*. The largest fractions by countries are: UK, Germany, Spain, Netherlands, Sweden and France.
