

ACTA ANATOMICA

SUPPLEMENTUM 18 = I AD VOL. XVII (1953)

From the Department of Histology, Karolinska Institutet, Stockholm, Sweden.
(Chief: Professor Gösta Häggqvist, M. D.)

INFLUENCE OF THYMUS
AND THYROID ON THE POSTNATAL
GROWTH OF THE LYMPHATIC
TISSUE IN GUINEA PIGS

Table of contents.

	P.
GENERAL INTRODUCTION	5
PART I: INFLUENCE OF THYMUS RESECTION ON THE GROWTH OF LYMPHATIC TISSUE:	
A. <i>Introduction</i>	8
B. <i>Methods</i>	12
C. <i>Results</i>	17
1. Lymphatic system fourteen days after thymus resection	17
a. Lymph nodes	17
b. Peyer's patches	23
c. Spleen	25
2. Lymphatic system twenty-eight days after thymus resection	28
a. Lymph nodes	28
b. Peyer's patches	30
c. Spleen	32
3. Comparison of weights of thymus or lymphatic tissue at two and four weeks after thymus resection or sham operation	33
a. Postoperative increase at two and four weeks	33
b. Growth of thymus and lymphatic tissue in control guinea pigs between the ages of two and four weeks	34
c. Differences between the sexes in thymic or lymphatic tissue ..	39
4. Viability and body weight in the resected animals	40
a. Mortality in resected animals and controls	42
b. General growth in resected guinea pigs and in controls	42
c. Relative weights of adrenals and hypophysis in thymus-resected animals	45
D. <i>Summary</i>	45
PART II: INFLUENCE OF THYMUS RESECTION ON THYROID (THYROID WEIGHT, FOLLICULAR CELL HEIGHT, AND GENERAL METABOLISM):	
A. <i>Introduction</i>	47
B. <i>Thymus resection and thyroid weight</i>	50
Method	50
Results	52

C. <i>Thymus resection and acinar cell height</i>	57
Method	57
Results	59
D. <i>Thymus resection and general oxygen consumption</i>	62
Method	62
Results	65
E. <i>Summary</i>	70
PART III: INFLUENCE OF EXOGENOUS THYROID HORMONE ON GROWTH OF LYMPHATIC TISSUE:	
A. <i>Introduction</i>	72
B. <i>Methods</i>	75
C. <i>Results</i>	77
1. Oxygen consumption in the thyroxine-treated guinea pigs	77
2. General growth of the thyroxine-treated animals	79
3. Influence of the thyroxine injections on thyroid weight and mean acinar cell height	80
4. Influence of the thyroxine injections on the lymphatic tissue and the thymus	83
D. <i>Summary</i>	88
PART IV: INFLUENCE OF THYMUS RESECTION ON THE ACTION OF THYROTROPIC HORMONE:	
A. <i>Introduction</i>	89
B. <i>Methods</i>	92
C. <i>Results</i>	93
1. Influence of thyrotropic hormone on the thyroid activation after thymus resection	93
2. Reinvestigation of Comsa's reports on the occurrence of a thyro- tropic factor in the urine from thymus-resected guinea pigs	94
D. <i>Summary</i>	96
PART V: GENERAL DISCUSSION AND SUMMARY:	
A. <i>General discussion</i>	97
B. <i>General summary</i>	99
<i>Statistical methods</i>	103
<i>Acknowledgements</i>	105
<i>Tables I to XXVIII</i>	107
<i>References</i>	155
