### Corrigendum

*Martin, H. und L. Roka*: Acta haemat. 10, 26–31, 1953: In the sixth line of the summary read: "... human blood mast cells..." instead of "... human mast cells...".

Dans le résumé français, dans la quatrième ligne d'en-bas, lire : « ... cellules basophiles du sang de l'homme... » au lieu de « ... cellules basophiles de l'homme... ».
