

Register rerum ad Vol. XXXVII

(B) = Buchbesprechung — Book Review — Livre nouveau

- Acyanotic form of Ebstein's disease, 129
- Adenosinetriphosphate, distribution throughout the myocardial tissue, *suppl. I*
- Aldosterone antagonists, clinical use, 396 (B)
- Anatomie, spezielle, pathologische, 189 (B)
- Aneurysma, congenitales, der linken Kranzarterie und Herzinfarkt bei Neugeborenen, 246
- dissecans, Spurenelemente im Blut, 149
- Angina pectoris, Marsilid, Tersavid, *suppl. II*
- Angine de poitrine, Marsilid, Tersavid, *suppl. II*
- Angiocardiogramm, Rhabdomyom des Herzens, 50
- Angiocardiography, mitral P wave and left atrial volume, 255
- Angiologie, 190 (B)
- Angor coronarien, Tersavid et iproniazide, *suppl. II*
- Aorta, coarctation, 270
- Aortic stenosis, pure, pressure pulses, 361
- Arterial disease, peripheral, and autogenous vein grafts, 63 (B)
- pressure pulses, central and peripheral, in man, 361
- wall, 189 (B)
- Arzt, 190 (B)
- Atrial volume, left, and mitral P wave by angiocardiography, 255
- Ballistocardiogramm, Druckverhältnisse im kleinen Kreislauf, 98
- Barbiturat-Narkose des Meer-schweinchens, Veränderungen im Ekg., 23
- Blood pressure determinations, accuracy, 118
- volume, pulmonary, and cardiac output, 33
- Blut, Spurenelemente im Verlaufe des Herzinfarktes, 149
- Brebis, *écg.*, 373
- Cardiac output and pulmonary blood volume, 33
- rate, extreme cooling followed by rewarming, 85
- Cardio-pneumopexy, cardio-omentopexy, cardio-myopexy, *écg.*-changes following small infarcts and after revascularisation, 206
- Cardiovascular diseases, arterial pressure pulses, 361
- system, Marsilid and Tersavid, *suppl. II*
- Cedilanid, Herzdekompensation und QT-Zeit, 284
- Clotting deviations during cardiac by-pass in dogs with a heart-lung apparatus Crafoord-Senning, 193
- Coarctation of the aorta, 270
- Cœur, inhibiteurs de la monoamine-oxydase, *suppl. II*
- Congenital heart disease, sudden and unexpected death, 331
- Cooling, extreme, followed by rewarming, cardiac rate, 85
- Coronary heart disease, sudden and unexpected death, 331
- occlusion, amine oxidase inhibition, *suppl. II*
- Digitalis, Herzdekompensation und QT-Zeit, 284
- Durchblutungsstörungen, periphere, 190 (B)
- Ebstein's disease, 129
- Ebstein-Syndrom, Phonocardiographie, 107
- Ecg. and vectorcardiogram, of ostium secundum and primum, 293, 319
- , brebis, 373
- , changes following revascularization and experimental myocardial infarction, 206
- , extreme cooling followed by rewarming, in some test animals, 85
- , intravascular injection of glucose and heparin, in frogs and toads, 162
- , right bundlebranchblock, 129

- , spatial behavior of the normal QT-interval, 44
 Eisen, Spurenelemente im Blut bei Herzinfarkt, 149
 Ekg., Barbiturat-Narkose des Meerschweinchens, 23
 -, perkutane Punktion des linken Ventrikels, 386
 -, QT-Werte, Herzdekompensation und Digitalis, 284
 -, -, Statistik, 224
 -, Tersavid bei Angina pectoris
 -, Ventrikelgradient und Muskelaktionsstrom, 1
 -, -, Untersuchungen am Hundeherzen, 66
 Electrocardiographie, Grundriß und Atlas, 188 (B)
 -, klinische, 63 (B)
 Extracoronary blood supply of the rat heart, influence of pregnancy, 12
 Extremitäten, untere, Phlebographie, 64 (B)
- Factor V and VII, amount during extracorporeal circulation, 193
 Fibrinogen, decrease during extracorporeal circulation, 193
 Frog, extreme cooling followed by rewarming, cardiac rate, 85
 -, intravascular injection of glucose and heparin, heart electrogram, 162
- Gaseous exchange and pulmonary function, 188 (B)
 Glucose, intravascular injection, heart electrograms, 162
- Harnsystem, 189 (B)
 Heart disease, sudden and unexpected death, 331
 Hedgehog, extreme cooling followed by rewarming, cardiac rate, 85
 Heparin, intravascular injection, heart electrogram, 162
 Herz, klinisch diagnostiziertes Rhabdomyom, 50
 Herzdekompensation, Digitalis und QT-Zeit, 284
 Herzinfarkt, Spurenelemente im Blut, 149
- und congenitales Aneurysma der linken Kranzarterie, bei Neugeborenem, 246
 Herzkammer, funktioneller Bau, 397 (B)
 Herzmuskelement, Ekg., 1
 Herzschaft-Fibel, 397 (B)
 Hiatushernie, Diagnose und Therapie, 61 (B)
 Hundeherz, experimentelle Untersuchungen zum Problem Ventrikelgradient, 66
 Hypertonie, symptomatische, 62 (B)
- Infarction myocardial, pathological-anatomical diagnosis of the early stages, 174
 Infarctus du myocarde, à la fin d'une laparotomie, réanimation après massage cardiaque, 236
 Inflammatory or degenerative heart disease, sudden and unexpected death, 331
 Insuffisance coronaire, Tersavid, *suppl. II*
 Intravascular injection of glucose and heparin, heart electrograms, 162
 Iproniazid-Analoga und Angina pectoris, *suppl. II*
- Kisch, Bruno, zum 70. Geburtstag, 65
 Kranzarterie, linke, congenitales Aneurysma, und Herzinfarkt bei Neugeborenem, 246
 Krebstherapie, interne, 190 (B)
 Kreislauf, kleiner, Druckverhältnisse, 98
 Kreislaufdynamik und Tersavid, *suppl. II*
 Kupfer, Spurenelemente im Blut bei Herzinfarkt, 149
- Laparotomie, infarctus du myocarde, réanimation après massage cardiaque, 236
 Lévocardie avec situs inversus abdominal partiel, 309
 Lungen-Herz-Krankheit, Druckverhältnisse im kleinen Kreislauf, Ballistocardiogramm, 98
 Lungeninfarkt, Spurenelemente im Blut, 149

- Magnesium, Spurenelemente im Blut bei Herzinfarkt, 149
- Marsilid, Angina pectoris, *suppl. II*
- Massage cardiaque, réanimation après arrêt cardiaque, 236
- Mitral P wave and left atrial volume, determined by angiocardiology, 255
- Monoamine oxidase inhibitors, angina pectoris, *suppl. II*
- Monoaminstoffwechsel, Tersavid, Angina pectoris, *suppl. II*
- Muskelaktionsstrom und Ventrikelgradient, 1
- Myocardial infarction, experimental, ecg. changes, 206
- –, pathological-anatomical diagnosis of the early stages, 174
- tissue, distribution of ATP and phosphocreatine, *suppl. I*
- Myocardinfarkt, Tersavid, *suppl. II*, 182
- Narkose, Barbiturat-Narkose des Meerschweinchens, Ekg., 23
- Neugeborenes, congenitales Aneurysma der linken Kranzarterie und Herzinfarkt, 246
- Ostium secundum and primum, ecg. and vectorcardiogram, 293, 319
- Phlebographie der unteren Extremitäten, 64 (B)
- Phonocardiographie, Ebstein-Syndrom, 107
- Phosphocreatine, distribution throughout the myocardial tissue, *suppl. I*
- Platelet number, decrease during extracorporeal circulation, 193
- Pregnancy, influence on the extracoronary blood supply of the rat heart, 12
- Prothrombin, amount during extracorporeal circulation, 193
- Pulmonary blood volume and cardiac output, 33
- function and gaseous exchange, 188 (B)
- Rat, albino rats, extreme cooling followed by rewarming, cardiac rate, 85
- heart, influence of pregnancy on the extracoronary blood supply, 12
- Revascularization, ecg. changes, 206
- Rhabdomyom, des Herzens, 50
- Rupture of the heart, spontaneous, sudden and unexpected death, 331
- Serum, Spurenelemente im Blut bei Herzinfarkt, 149
- Situs inversus abdominal partiel, lévocardie, 309
- Spatial behavior of the normal QT-interval, 44
- Spurenelemente im Blut, Herzinfarkt, 149
- Stoffwechsel, Untersuchungen nach Behandlung mit Tersavid, *suppl. II*, 230
- Stuart-Prower factor, amount during extracorporeal circulation, 193
- Tersavid, Monoaminstoffwechsel, Angina pectoris, *suppl. II*
- Thoracic leads, spatial orientation, QT-interval 44
- Toad, extreme cooling followed by rewarming, cardiac rate, 85
- , intravascular injection of glucose and heparin, heart electrogram, 162
- Valvular deformities, and aortic stenosis, pressure pulses, 361
- Vectorcardiogram and ecg., ostium secundum and ostium primum, 293, 319
- Vein grafts, autogenous, and peripheral arterial disease, 63 (B)
- Ventrikel, linker, perkutane Punktion, Ekg., 386
- Ventrikelgradient, experimentelle Untersuchungen am Hundeherzen, 66
- und Muskelaktionsstrom, 1
- Zink, Spurenelemente im Blut bei Herzinfarkt, 149
