Retraction Statement

Paper by Pablo González de los Mártires, Gonzalo Guerrero Pérez, Nerea Gangoitia Gorrotxategi, Iñigo Salmerón Garmendia, Leire Olazaran Gamboa, Ana Jiménez Alonso, and Lara Berástegui Arbeloa entitled “Bilateral Paracentral Corneal Melting and Left-Eye Perforation under Tobemstomig Novel Treatment” [Case Rep Ophthalmol. 2024;15(1):108–14; DOI: 10.1159/000536103]

The article entitled “Bilateral Paracentral Corneal Melting and Left-Eye Perforation under Tobemstomig Novel Treatment” [Case Rep Ophthalmol. 2024;15(1):108–14; DOI: 10.1159/000536103] by Pablo González de los Mártires, Gonzalo Guerrero Pérez, Nerea Gangoitia Gorrotxategi, Iñigo Salmerón Garmendia, Leire Olazaran Gamboa, Ana Jiménez Alonso, and Lara Berástegui Arbeloa has been retracted by the Publisher and the Editor on behalf of the authors. Following publication, the authors informed the journal that they did not obtain the necessary authorization to publish the data in their above case report article from the related clinical study sponsor and investigators. In addition, the authors explained that the article incorrectly suggests that Tobemstomig is the cause of the ocular condition; however, as the study in question was of a quadruple-blind design, it is not known whether the patient received Nivolumab or Tobemstomig. The original article’s full text has been removed and archived by the publisher.
