

## Subject Index

---

- Acne conglobata, leukocyte migration activity 154
- , cystic, treatment, systemic, Retinoic acid (Suppl. 1) 11
  - vulgaris, bacteriological findings 245
  - - food allergy, results of skin tests 294
  - -, treatment, systemic, Co-trimoxazol (Bactrim®) 245
  - - - -, Doxycycline and Minocycline, comparative evaluation 186
- Actinic reticuloid, clinical and histological findings 306
- Allergy, systemic, due to egg white, combined with contact urticaria 110
- -, food allergy, role in acne vulgaris 306
  - -, to microbial antigens, in mycosis fungoides and Sézary syndrome 129
- Amethopterin (Methotrexate) in psoriasis 58
- Antibiotics, systemic, Penicillins and Tetracycline, development of bacterial resistance in gonorrhea 1971-1976 158
- -, treatment of acne vulgaris, Doxycycline and Minocycline 186
  - , topical, effect on bacterial flora of pilosebaceous ducts 96
- Antihistaminic topicals, Fenistil® and Polaramine®, comparative experimental evaluation 105
- Arning carcinoid, giant ulcerative superficial basal cell epithelioma 320
- Bacteriology of skin, bacterial flora in acne vulgaris 245**
- Bactrim® (Co-trimoxazol), systemic treatment of acne 245
- Basalioma, treatment, systemic, Retinoic acid (Suppl. 1) 11
- Biochemistry, erythrocyte phosphoribosyl-phosphate in psoriasis, influence of Retinoic acid in vitro (Suppl. 1) 45
- of skin, experimental, influence of topical Retinoic acid on enzymes of guinea pig epidermis (Suppl. 1) 54
- Bloch-Sulzberger disease, incontinentia pigmenti 304
- Book Reviews
- Cytostatika in der Dermatologie (by A. Luger) 191
  - Dermatochirurgie in Klinik und Praxis (ed. by B. Konz et al.) 334

  - Praxis der Haut- und Geschlechtskrankheiten (by E. Christophers et al.) 191
  - Recent Advances in Dermatopharmacology (ed. by P. Frost et al.) 334
- Bowenoid atypia of vulva 229
- Bullous lichen planus 317
- Calcinosis subcutanea iatrogenica, due to calcium infusions 332
- Cancer treatment, immunotherapy, mechanism of action 415
- Canine vitiligo, photochemotherapy 321
- Capillaries of skin, ultrastructural findings in psoriasis 86
- Castleman tumor, retroperitoneal giant lymph node hyperplasia, association with severe erosive stomatitis 138
- Chancre, syphilitic, infection during birth 309
- Chemotaxis assay of leukocytes, findings in acne conglobata 154
- Clindamycin, topical, effect on bacterial flora of pilosebaceous ducts 96
- Compositae photodermatitis, reaction due to Parthenium hysterophorus 206
- Congenital erythropoietic porphyria (Günther) 323

- Contact allergy, experimental, dinitrochlorobenzene (DNCB), retest reactions 13
- -, immediate reactions to patch test allergens 110
  - - to dinitrochlorobenzene (DNCB) in mycosis fungoides and Sézary syndrome 129
- Contraceptives, oral, porphyrinogenic potential 181
- Corticoid topicals, treatment of psoriasis, Betnelan V<sup>®</sup>, Dermovate<sup>®</sup> and Diprosone<sup>®</sup>, comparative clinical trials 61
- Corticoids, intralesional, triamcinolone acetone, side-effect, hypopigmentation 126
- Co-trimoxazol (Bactrim<sup>®</sup>), systemic treatment of acne 245
- Cytology of skin, mast cells, ultrastructural findings 1
- Cytostatic agents, systemic, treatment of mycosis fungoides 407
- -, topical, Mechlorethamine, in mycosis fungoides 397
- Dermatofibrosarcoma protuberans, treatment, surgery 328
- Dermatitis glutaealis infantum, psoriasiform, histocompatibility antigens 225
- Dermatopharmacology, Dexchlorpheniramine and Dimetindene, topical antihistaminic effect 105
- Dexchlorpheniramine (Polaramine<sup>®</sup>), topical antihistaminic activity 105
- Diaper rash, psoriasiform, histocompatibility antigens 225
- Diffuse normolipemic plane xanthoma, possibly associated with plasmocytoma 330
- Dimetindene (Fenistil<sup>®</sup>), topical antihistaminic activity 105
- Dinitrochlorobenzene (DNCB) contact allergy in guinea pigs, retest reactivity 13
- Doxycycline and Minocycline, systemic, comparative evaluation in acne vulgaris 186
- Drug eruptions, lymphocyte transformation test, use of carrier proteins from guinea pig skin 146
- Dubreuilh disease (Melanosis circumscripta praeblastomatosa) of the nail-bed 320
- Eccema in children, treatment, topical Corticoids, Fluocortine butylester 297
- Eosinophilic pustulosis 193
- Epicillin, combined with Probenecid, treatment of gonorrhoea 254
- Epidermolysis types, differentiation by electron microscopy 65
- Epidermotropic lymphoma, cutaneous lymphoma 338
- Erythroderma, T cell (Sézary syndrome), diagnostic criteria 371
- Erythromycin, topical, effect on bacterial flora of pilosebaceous ducts 96
- Fluocortine butylester, topical Corticoid, percutaneous tolerability in children 297
- Folliculitis, eosinophilic, pustular 193
- Food allergy, role in acne vulgaris 294
- Genodermatoses, ichthyosis and epidermolysis, ultrastructural findings 65
- -, incontinentia pigmenti 304
  - -, woolly hair (in Caucasians) 42
- Gonorrhoea, treatment, antibiotic sensitivity of gonococci at Rotterdam 158
- -, Epicillin combined with Probenecid 254
- Granuloma anulare perforans, localized type 316
- Gschwandtner-Münzberger disease, semicircular lipoatrophia 300
- Günther disease, congenital erythropoietic porphyria 323
- Hair disorders, woolly hair in Caucasians, diffuse type 42
- Histochemistry of skin, glycogen content of psoriatic epidermis 86
- Histopathology of skin, findings in cutaneous lymphoma and leukemia 257

- Ichthyosis types, differentiation by electron microscopy 65
- Immunology, circulating immune complexes in scabies 221
- , functions and structures of the immune system 341
  - , histocompatibility antigens in dermatitis glutaealis infantum 225
  - , immunocytological findings in cutaneous lymphoma 269, 282, 357
  - , lymphocyte transformation test in drug eruptions, use of carrier proteins from guinea pig skin 146
  - of skin, reactivity testing in mycosis fungoides and Sézary syndrome 129
  - , titers of serum immunoglobulins and antiglobulin in psoriasis 28
- Immunopathy, coincidence with vitiligo 136
- Immunotherapy, treatment of cancer, mechanism of action 415
- Incontinentia pigmenti (Bloch-Sulzberger) 304
- Inflammation of skin, experimental, in man, histamine reaction, influence of topical antihistaminics 105
- Keratin, genetic disorders of keratinization 65
- Keratoses, treatment, systemic, Retinoic acid (Suppl. 1) 11
- Leiomyomatosis of skin, ultrastructural and cytobiological findings 296
- Leukocyte migration test, findings in acne conglobata 154
- Lichen planus, bullous type (lichen planus pemphigoides) 317
- - mucosae, treatment, systemic, Retinoic acid derivatives 171
  - -, treatment, systemic, Retinoid Ro 10-9359 (Suppl. 1) 60
  - simplex chronicus (neurodermatitis), treatment, intralesional Corticoid and placebo 126
- Lichenoid eruption, actinic, seasonal (in Indians) 115
- Lipoatrophia semicircularis (Gschwandtner-Münzberger) 300
- Lloyd disease, multicentric pigmented Bowen disease in the genitocrural region 229
- Lymph node hyperplasia, giant, retroperitoneal (Castleman tumor), association with erosive stomatitis 138
- Lymphocytes, B and T cell functions 341
- Lymphocyte transformation test, findings in drug eruptions, use of carrier proteins from guinea pig skin 146
- Lymphoma, cutaneous, epidermotropic lymphoma 338
- -, histopathology 257
  - -, immunology and classification 269, 282, 357
  - , monomorphous (non-Hodgkin), classification 345
- Mastocytosis cutanea diffusa 1
- Mechlorethamine (Nitrogen Lost, Nitrogen mustard), topical, in mycosis fungoides 397
- Melanoma, assessment of prognosis 210
- Melanosis circumscripta praeblastomatosa (Dubreuilh) of the nail-bed, pigment streaks of the nail plate 320
- Methotrexate (Amethopterin) in psoriasis 58
- 8-Methoxypsoralen (8-MOP), systemic, and UV-A irradiation, in psoriasis 54, 55
- -, topical, and UV-A irradiation, in psoriasis 57
  - and UV-A light, photochemotherapy of mycosis fungoides 396
- Microbiology, antibiotic resistance of *Neisseria gonorrhoeae* 1971-1976 158
- Microbiology of skin, bacteria of pilosebaceous ducts, effect of topical Clindamycin and Erythromycin 96
- - -, bacteriological findings in psoriasis 21
- Monomorphous (non-Hodgkin) lymphoma, classification 345
- Multicentric pigmented Bowen disease of vulva (Lloyd) 229
- Mycosis fungoides, classification and diagnostic criteria 365

- -, erythema multiforme type 312
- -, extensive involvement of the lungs 311
- -, histopathology 257
- -, immunocytology 269
- -, immunological findings, contact allergy (to DNCB) and systemic allergy (to microbial antigens) 129
- -, photochemotherapy with oral 8-Methoxypsoralen and UV-A light 396
- -, treatment, linear accelerator electron irradiation 392
- - -, radiotherapy 386
- - -, review 418
- - -, systemic cytostatic therapy 407
- - -, topical cytostatic therapy, Mechlorethamine (Nitrogen Lost, Nitrogen mustard) 397
- Myxedema, pretibial, without overt thyrotoxicosis 302
  
- Nail-bed, Dubreuilh disease 320
- -, squamous cell carcinoma 48
- -, subungual osteochondroma 315
- Napkin dermatitis, psoriasiform, histocompatibility antigens 225
- Neisseria gonorrhoeae, antibiotic sensitivity of strains isolated in Rotterdam 158
- Neurodermatitis (lichen simplex chronicus), treatment, intralesional Corticoid and placebo 126
- Nitrogen mustard (Mechlorethamine), topical, in mycosis fungoides 397
- Non-Hodgkin (monomorphous) lymphoma, classification 345
  
- Oncology, experimental, effect of systemic Retinoic acid on Lewis lung carcinoma in mice (Suppl. 1) 52
- Osteochondroma subunguale 315
- Osteoma cutis multiplex 300
  
- Pagetoid reticulosis (Woringer-Kolopp), classification and histogenesis 377
- Parthenium hysterophorus (carrot weed, 'congress weed'), photocontact dermatitis 206
- Photochemotherapy, efficacy in canine vitiligo 321
- -, systemic 8-MOP and UV-A, in mycosis fungoides 396
- - - - -, in psoriasis 54, 55, 292
- - - - - -, effect on hyperuricemia 91
- - - - - -, mechanism of action 86
- -, topical 8-MOP and UV-A, in psoriasis 57
- Photodermatoses, actinic reticuloid 306
- -, seasonal actinic lichenoid eruption 115
- Photosensitivity due to plants, reaction caused by Parthenium hysterophorus (carrot weed, 'congress weed') 206
- Placebo response in lichen simplex chronicus, effect of intralesional water injections 126
- Plasmocytoma, possible association with diffuse normolipemic plane xanthoma 330
- Porphyria, congenital erythropoietic (Günther) 323
- Porphyrinogenic potential of oral contraceptives 181
- Probenecid, combined with Epicillin, treatment of gonorrhea 254

  - Oral retinoids in Dermatology, Workshop at the XVth International Congress of Dermatology, October 19, 1977, Mexico City (Suppl. 1) 1-64
- Psoriasis, bacteriology of skin 21
- -, biochemical findings, hyperuricemia, correlation with hyperalimentation 91

- , biochemistry, erythrocyte phosphoribosylphosphate, inhibition by Retinoic acid in vitro (Suppl. 1) 45
- , histology, ultrastructural findings following treatment with oral Retinoid Ro 10-9359 (Suppl. 1) 19
- , immunological findings 28
- , treatment, photochemotherapy 292
- - - , effects on epidermal glycogen and subepidermal capillaries 86
- - - - with oral 8-Methoxypsoralen 54, 55
- - - - - topical 8-Methoxypsoralen 57
- - , phototherapy, use of solariums 56
- - , systemic, Methotrexate (Amehtop-terin) 58
- - - , Retinoid Ro 10-9359 63, 238 (Suppl. 1) 13, 32, 38, 57
- - - - - , ultrastructural tissue effects (Suppl. 1) 19
- - , topical Corticoids, Clobetasol-17-pro-pionate, efficacy and side-effects 61
- Pustulosis palmo-plantaris, treatment, sys-temic, Retinoid Ro 10-9359 (Suppl. 1) 13
- Pyoderma gangraenosum, symptom of in-complete Wegener granulomatosis 328
  
- Radiotherapy, linear accelerator electron irradiation in mycosis fungoides 392
- in mycosis fungoides 386
- Reticuloid, actinic, clinical and histological findings 306
- Reticulosis, malignant, histopathology 257
- - , immunocytology 269, 282
- , pagetoid (Woringer-Kolopp), classifica-tion and histogenesis 377
- Retinoic acid derivatives, systemic, treat-ment of lichen planus mucosae, efficacy and side-effects 171
- - , in vitro effect on erythrocyte phos-phoribosylphosphate in psoriasis (Suppl. 1) 45
- - , systemic, effect on experimental lung carcinoma in mice (Suppl. 1) 52
- - , topical, effect on epidermal enzymes of guinea pig skin (Suppl. 1) 54
- - - , systemic, effect on rat liver enzymes (Suppl. 1) 54
- - - - , pharmacokinetics and biotrans-formation (Suppl. 1) 26
- - - - , treatment of lichen planus (Suppl. 1) 60
- - - - - psoriasis 63, (Suppl. 1) 32, 38, 57
- - - - - - and pustulosis palmo-plan-taris (Suppl. 1) 13
- - - - , ultrastructural tissue effects in psoriatic lesions (Suppl. 1) 19
- Retinoids, oral administration, indications in dermatology (Suppl. 1) 2
  
- Scabies, immunological findings 221
- Sebaceous cysts (trichilemmal cysts), ultra-structural findings 164
- Sézary syndrome, contact and systemic allergy reactions 129
- - , T cell erythroderma, diagnostic cri-teria 371
- Side-effects, oral contraceptives, Stediril®, increase in porphyrins 181
- , Retinoic acid derivatives, systemic, di-verse untoward effects 171, 238
- - , Ro 10-9359, systemic, diverse un-toward effects (Suppl. 1) 32, 38, 57, 60
- , subcutaneous calcium deposits (calci-nosis subcutanea) due to calcium in-fusions 332
- , triamcinolone acetonide, intralesional, hypopigmentation 126
- Squamous cell carcinoma of nail bed 48
- Stediril®, oral contraceptive, side-effect, increase in porphyrins 181
- Stomatitis erosiva, association with giant lymph node hyperplasia of retroperi-toneum (Castleman tumor) 138
- Summertime actinic lichenoid eruption (in Indians) 115
- Survival rate in melanoma, evaluation of prognostic factors 210
- Syphilis acquisita infantum 309
  
- Telangiectasia, superficial unilateral and dermatomal type 33

- Topical Corticoids, Fluocortine butylester, percutaneous tolerability in children 297
- –, treatment of psoriasis, Betamethasone valerate, Betamethasone dipropionate and Clobetasol propionate, comparative evaluation 61
- Toxicology, experimental, effect of systemic Retinoid Ro 10-9359 on rat liver enzymes (Suppl.) 26
- Trichilemmal cysts (sebaceous cysts), ultrastructural findings 164
- Unilateral dermatomal superficial telangiectasia 33
- Ultraviolet irradiation therapy in psoriasis, solariums 56
- Uric acid, psoriatic hyperuricemia, correlation with hyperalimantation 91
- Urticaria, contact, due to egg white, fur hairs, and textile fibers 110
- pigmentosa diffusa 1
