Subject Index Vol. 63, No. 3–4, 2019

- Action 245
Affordances 227
Autopoiesis 227
Behavioral flexibility 180
Brain development 255
– processes 227
Causality 153
Cognitive development 255
Complex dynamic systems 153
Development 153
– versus change 245
Developmental process 245
– web 202
Differentiation and integration 245
Dynamic systems approaches 264
– – theory 255
Dynamics of development 180
Ecological approach 180
Emergence 153, 227
Enaction 202
Equilibration 202
Function 227
Guided participation 245
Metaphysics 227
Methodology 153
Microgenesis 227
Normativity 227
Organicist approaches 264
Organization 264
Path dependence 202
Powers 264
Process 153, 227, 264
Self-maintenance 227
Sensorimotor agency 202
– networks 202
Structure 153
Substance 153
Time scales 264
Timescales 153
Working memory 255
