### **Extracellular Matrix (ECM) 2000**

Göttingen, Germany, June 1–4, 2000

This symposium will bring together nephrologists and basic scientists working in the field of fibrogenesis. The meeting will consist of invited contributions and selected free communications. Topics will address wound healing and fibrogenesis; extracellular matrix and the kidney; fibroblasts and their origin; cytokines and chemokines in renal fibrogenesis; extracellular matrix in diabetes mellitus, role of nonfibroblasts in fibrogenesis; novel aspects in kidney fibrosis; mechanisms of matrix degradation and new therapeutic aspects. Deadline for abstract submission is April 15, 2000. Attendance is limited to 120.
