# The Glomerular Basement Membrane

**Proceedings of the First International Symposium  
on the Glomerular Basement Membrane**

Editor:

*Gert Lubec, Vienna*

Department of Pediatrics, University of Vienna,  
Währinger Gürtel 74–76, A-1090 Vienna

195 figures, 66 tables, 1980

---

The First International Symposium On the Glomerular Basement Membrane,  
Vienna, September, 8th–12th, 1980

---

#### Drug Dosage

The author and publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug

therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.
